Non-residential uses allowable in this category include neighborhood business or commercial uses, farm buildings (barns, equipment sheds, stables, pole barns, corrals, and similar structures) and seasonal roadside produce stands. Allowable uses also include churches and places of worship, public or private primary or secondary schools, natural and resource-based recreational facilities and publicly-owned parks, playgrounds, and open spaces serving local, community, and regional needs, communication facilities, utilities necessary for the collection, transmission, or distribution of utility services, public supply potable water wells, public supply water treatment plants, and waste water treatment facilities where necessary.
