

Dewberry engineering, to determine how much land may be required to make the necessary changes to the layout of the road.

Bob Stinebaugh, Integrity Group, discussed the following:

- The extension for Project 4138 is in process and the date being considered is December 31, 2021
- The scope change to purchase equipment rather than pave the Alternate Procedures Roads is almost completed
- Daily documentation of road maintenance as well as DOT bridge inspection repairs must be documented to ensure damages are covered in the future
- The overtime deficit from Hurricane Sally work is concerning

(Equipment List)

Cliff Knauer, Dewberry Engineering, discussed the following:

- Staking out the proposed right of way for County Road 181A and allowing Mr. Powell to look at the layout prior to preparing the easement
- There is a cemetery on Baker Landing Road that may be an issue in terms of location
- The landowner on Baker Landing Road has not contacted Mr. Knauer to discuss right of way
- The possibility of raising Dogwood Lake and applying for a permit and a pre-application appointment with the Water Management District
- The Water Management District will want “storage” in the lake (room for water to rise) in the lake prior to escaping through the overflow
- Permit applications for Bonifay Gritney Road, Phase 2, are ready to submit
- The bridge on Bonifay Gritney Road that is designed as a “Low Water Crossing” as opposed to being an actual bridge as it is the least impactful to the surrounding wetlands
- DEP will be making a field visit to issue the NPR (No Permit Required) within the next three weeks for the FEMA Alternative Procedures roads

Brandon Young, County Attorney, presented Resolution #21-13 approving the state-funded grant supplemental agreement with the Florida Department of Transportation regarding the design and construction/CEI of Bonifay Chipley Road. Mr. Young explained a new Resolution was necessary as the original terms of the agreement have changed with DOT increasing their contribution to the project by \$1,200,000.00. Commissioner Erickson offered the motion authorizing the Chairman to execute Resolution #21-13. Commissioner Newsom offered the second and the motion passed unanimously.

(Resolution #21-13)

Brandon Young, County Attorney, discussed a request by West Florida Electric to cross under Olive Lane. Discussion included:

- Past process and fees charged
- The need for a drawing of the proposed work

- The need to record where the utility line will be for future needs
- There is urgency associated with this specific project due to families without power
- The need to research this process for future utility requests

Commissioner Newsom offered the motion to approve the West Florida Electric request to cross under Olive Lane, however documentation, permitting and fees must be determined before the next instance of a utility service making such a request. Commissioner Music offered the second and the motion passed unanimously.

(Map & Sketch)

Brandon Young, County Attorney, discussed alternative means for advertising for the Building Official/Provisional Building Official position. Mr. Young explained that typically positions are advertised on social media and local publications, however for these positions the County may want to expand the search and attract more applicants. Commissioner Newsom offered the motion to advertise in all publications deemed appropriate by the staff members responsible for advertising such positions. Commissioner Music offered the second and the motion passed unanimously.

Commissioner Good discussed the District 1 Road Materials Budget. Discussion also included already purchased materials and materials needs of other districts. A motion to use CARES Act Payroll Reimbursement funds was offered but was rescinded. Commissioner Good offered the motion to transfer \$15,000.00 to each district's Road Materials Budget from Hurricane Michael Funds. Commissioner Music offered the second and the motion passed unanimously.

Bathroom facilities at the District 1 yard were discussed, including the continued use of the portable toilet.

There being no further business at this time, the meeting was adjourned at 7:45 p.m.
